# ... capitale

A horizontal sequence of black dots. The top row contains 10 dots, and the bottom row contains 9 dots, representing the numbers 10 and 9 respectively.

# BA lac Bamendjing

A horizontal sequence of 12 black dots. The pattern consists of two pairs of double dots (two dots stacked vertically), followed by a single dot, then three pairs of double dots.

# RL réservoir de Lagdo

# MB lac de Mbakaou

TC lac Tchad

The image shows a sequence of seven binary digits (bits) arranged horizontally. Each bit is represented by a group of four dots. The first bit from the left has two dots in the top row and one dot in the bottom row. The second bit has three dots in the top row and one dot in the bottom row. The third bit has two dots in the top row and two dots in the bottom row. The fourth bit has one dot in the top row and three dots in the bottom row. The fifth bit has two dots in the top row and one dot in the bottom row. The sixth bit has three dots in the top row and one dot in the bottom row. The seventh bit has two dots in the top row and two dots in the bottom row.
